Gratuities

- 9 day fully guided tour on magnificent Harley-Davidson motorbikes.
- Ride through the magnificent national parks of Nevada, Utah & Arizona.
- This tour is packed with Kodak moment and is ideal for smaller groups who appreciate the ride, the mateship and the enormity of the nature we will be riding through.
- During the day, ride as a group and see all the sights on your way, as your guide take you from spot to spot. At night, stay in quality accommodation and relax after another adventurous day.

When departing the opulence of Las Vegas, the world's capital of madness, you will experience 5 of the most beautiful National parks in the world;

- Canyonlands NP
- Bryce NP
- Moab NP
- Arches NP
- Grand Canyon NP

This is a perfect 'short' trip with reasonable short daily rides, as you can imagine there are many stops along the way for kodak moments, to cool down and to investigate the trails, the small towns and all that the National Parks have to offer.

This trip suits both single riders and couples as the roads are GREAT RIDES but there are enough stops to make sure that the pillioners are comfortable.

Each night we stay in comfortable accommodation, taking time to chat about the events of the day, have a drink and a well deserved meal in some of the many excellent restaurants on our route.
